

Clean Eating For Energy

A HEALTH & WELLNESS WORKSHOP

Why are we getting so sick?

The environment we live in, the food we eat, and the air we breathe are filled with toxins, chemicals, and pesticides that can impact our health every day.

Topics Covered:

- Choosing high-quality proteins to keep you full for longer periods of time
- Energy-boosting fats to strengthen the immune system
- Foods to avoid that cause inflammation and chronic diseases

When and Where:
